SR & RL Railroad Trail

The Sandy River and Rangeley Lakes Railroad Spur combines a scenic riverside outing on the Fly Rod Crosby Trail with a walk along historic railroad tracks that once connected northern Franklin County.

The trail meanders along the river proviing water access to the Sandy. There are sandy areas and pebble beaches to picnic.

The Fly Rod Crosby Trails

Explore a series of three loop hikes that offer access to the landscape, history, and recreational opportunities of the High Peaks.

Named for Cornelia “Fly Rod” Crosby, these trails span the region she loved, with trailheads at three locations.

The Fly Rod Crosby Trails include:

- Sandy River Rangeley Lakes Railroad Loop in Phillips
- Reeds Loop in Madrid
- Saddleback Spur in Dallas Plantation

Directions

From downtown Phillips, cross the bridge on Rte. 149 and take an immediate left onto Amble Street. Park at the end of the road, on the right. Walk past the gate.

SR & RL Railroad

The SR & RL Railroad is a nonprofit whose volunteers restored and maintain a section of the historic railroad track. They operate a gas mechanical steam locomotive that gives rides. Learn more:
